1 What is IZIBINGO?

IZIBINGO is a pool-based game of chance structured on the classic 90-ball tombola using a field of numbers from one (1) to ninety (90). To participate the player must purchase one or more IZIBINGO ticket per draw.

The draw is conducted by means of a physical draw machine, which extracts numbers until a House winner is found.

There are four (4) winning categories in IZIBINGO:

Line (Match all 5 numbers in a single horizontal row).

- All players matching the first Line (5 numbers in a row) within the scorecard share the Line prize fund.
- Must be won in every game.

House (Match all 15 numbers in a single scorecard of 15 numbers by end of game).

- All players matching the House (all 15 numbers in a single scorecard) share the House prize fund. The House Prize fund for Big Game Bingo is set at a minimum guaranteed prize of €1,000 and must be won in every Big Game Bingo.

Prima (Match all 15 numbers in a single scorecard by the Prima ball).

- Fixed @ €300 and offered as soon as the amount of €300 has been funded.
- Starts at ball 35 and increments by one number every draw.

Jackpot (Match all 15 numbers in a single scorecard by the Jackpot ball).

- Starts at ball 35 and increments by one number every other day.
- The prize is carried forward when not won.

The game is played in successive stages. At the first stage players will be participating for the Line Category. This is won once at least one player matches five (5) of the numbers drawn in a horizontal line on one of the scorecards. The Line Category prize fund is split between all winners.

When players manage to complete the House before a pre-determined number of balls are drawn, they will be entitled to the Prima Category Prize (if offered) and/or Jackpot (commonly also known as Snowball) Category Prize.
